

SUSTAINABLE STRATEGIES *for*  
A GREENER TOMORROW

Working with tenants to reduce energy consumption at 2 Queen Street East

**BEST**

Bringing Energy Savings to our Tenants

Energy savings initiatives that have been implemented in the last several years:

- ▶▶ Automated Lighting System
- ▶▶ Base Building Window Coverings
- ▶▶ Building Automation System
- ▶▶ CO Monitoring (Parking)
- ▶▶ Energy Efficient Chillers
- ▶▶ Energy Efficient Lighting System
- ▶▶ Low Flush Plumbing Fixtures
- ▶▶ Occupancy Sensor Lighting (Washrooms)
- ▶▶ Power Factor Correction
- ▶▶ Tenant Electricity Meters
- ▶▶ Variable Frequency Drives for Pumps & Fans (VFD's)

**National Annual Energy Savings**

reduced by 59 million kWh = removal of 5,100 vehicles from the road

For information about other property environmental initiatives, please contact the management office.
