2011 ANNUAL GREEN AWARDS FOR BEST WASTE DIVERSION PRACTICES

As part of Brookfield's on going commitment to environmental initiatives, the annual Sustainable Outcome Rests with Tenants (S.O.R.T.) Challenge was created to celebrate achievements in waste management by our tenants.

Based on the highest diversion rate obtained from waste audit results, we are pleased to announce the winners of the first annual Bay Adelaide Centre Green Awards. This award honors the top tenants, in class, for their successful recycling practices.

Brookfield is pleased to recognize the following recipients of the first annual Bay Adelaide Centre Green Award:

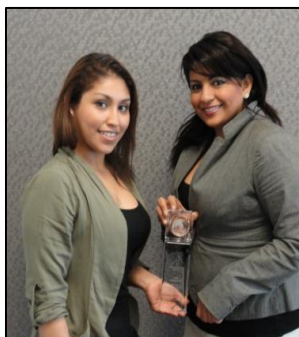

Thomson Reuters

82.85% Diversion Rate

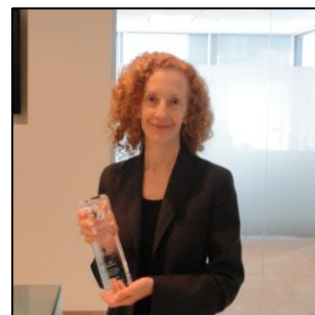

Pacific Rubiales

89.25% Diversion Rate

ATP Capital

98% Diversion Rate

Congratulations to our Green Award Winners and to all Bay Adelaide Centre tenants for their on going efforts in recycling and waste reduction.
